Battery Disposal Information

Always dispose of used or spent batteries properly.

Spent batteries from APC uninterruptible power supplies should be placed in the packaging provided with the new APC replacement battery cartridge (RBC®).

Return the spent battery to an appropriate facility for proper disposal and recycling.

Refer to the Web site **http://www.apc.com/recycle,** for battery disposal facility locations.

Refer to the Web site **http://www.apc.com/contact/index.cfm,** for general APC information.
